How we conduct our business

More important than what we do is the way we do!

We believe that people are our greatest asset. We have increasingly invested in identifying potential in our teams. We developed tools that allow us to keep and hire employees.

We are present in markets that appreciate our best: human capital, compliance with deadlines, ability to provide solutions and proximity to our customers.

TRAINING

Recruitment and Selection

Our own recruitment process, developed and improved after several years, assure that every vacancy is filled with efficiency. All recruited employees must go through a selection and training.

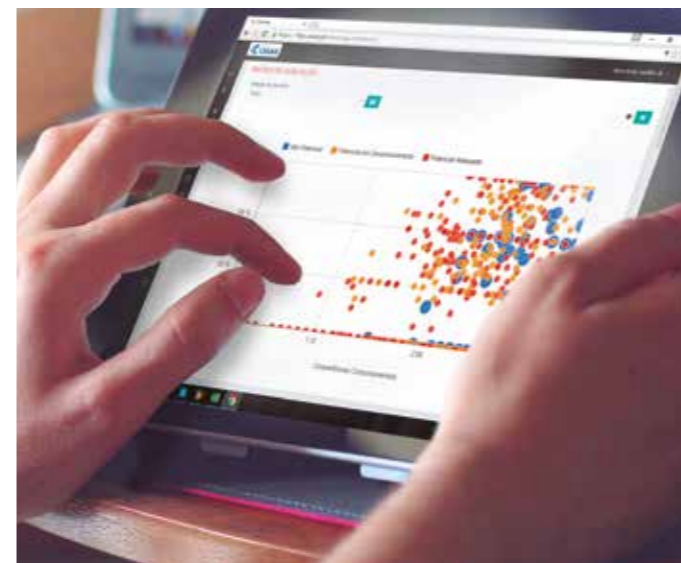

Training Investment

We make a significant investment in training through our internal trainers and external agencies. These trainings reach all of our human and technological staff.

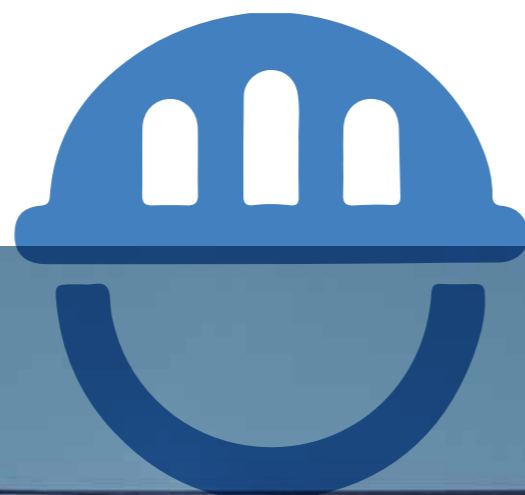

Continuous Evaluation

We developed in recent years, a tool that allow us to evaluate permanently the performance of our employees. Our aim is to recognize each individual's ability, and ensure that we have the right people for the right job.

Health and safety

- Training courses for the site teams
- Simulacra
- Technical Workshops of Safety
- Specialized and certified teams in VCA (certification IPAF cat. 3b)
- Teams with NEBOSH training

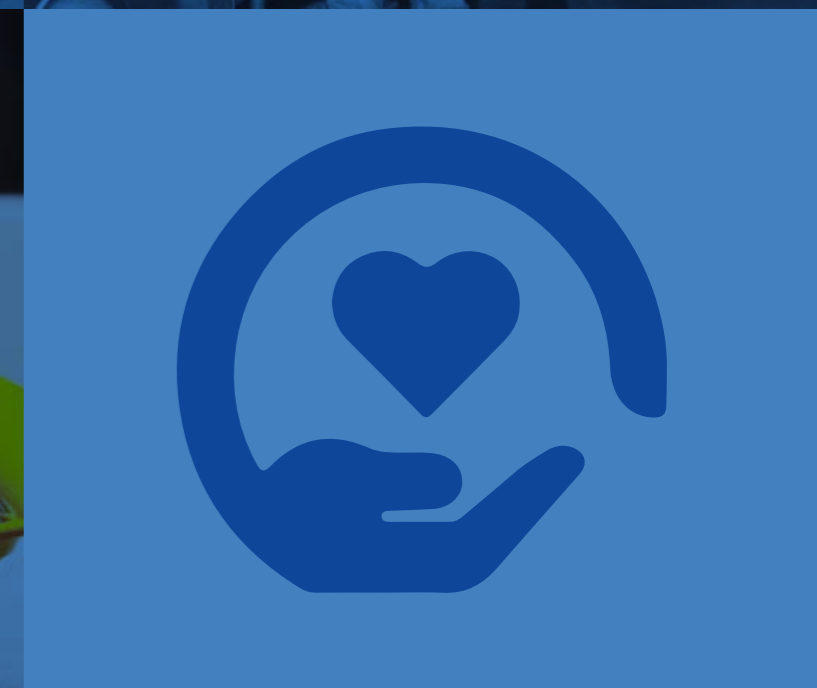

Social responsibility

We create relationships that are founded on equality, loyalty and ethics.

We participate in activities that contribute to the economical, social and cultural development of the environment.

We adapt to local cultures and traditions promoting the **sustainable development of our companies.**
